**Fairfield County Clerk of Courts
Announces Saturday Hours at the
Pickerington Title Office**

In an effort to continue to improve customer service within the Fairfield County Clerk of Courts Office, Clerk Branden C. Meyer is announcing the addition of Saturday hours at the Pickerington Title office. The implementation of this newly extended work week will begin on Saturday, January 10, 2015, with the hours being from 8:00 a.m. to 12:00 noon. The addition of these hours will not increase the salary dollars being paid to employees. Those staff members who work on Saturdays will flex out their hours during the same work week.

One of the extremely important functions of the Clerk's two Title Department locations is to issue and preserve all motor vehicle and watercraft titles in Fairfield County, while remaining compliant with the laws of the State of Ohio's Bureau of Motor Vehicles (BMV). Mr. Meyer began to study the idea of offering their services at both title locations on Saturday and is now responding to his customers' demands. It is important to note that the Fairfield County Clerk of Courts Lancaster Title office located in Lancaster at 982 Liberty Drive and both of the State's BMV offices in Fairfield County are currently open on Saturdays. The Pickerington Title office is located at 485 Hill Road across from the Pickerington Post Office.

Clerk Branden Meyer was quick to add that, "Through our constant quality improvement efforts, the Fairfield County Clerk's office will continue to anticipate, meet and exceed the expectations of our customers."
